Grammar/语法

Present continuous for a period of time

You've learned that the present continuous (I + verb + ing) is for an action that is happening at this moment. But in this lesson, it's also used for something that is happening for a period of time that hasn't ended: "I'm sneezing and coughing." This does not mean that the speaker is sneezing and coughing at the time, but sneezes and coughs often during that day or recent days. Here are some more examples of the present continuous in this way:

大家知道现在进行时 (I + verb + ing) 指的是现在发生的动作。但是在今天的课程中，现在进行时描述的是持续了一段时间并且还未结束的动作：“I'm sneezing and coughing.”（我打喷嚏还咳嗽。）这并不是指说话人此刻正在打喷嚏和咳嗽，而是指今天或这些天经常会打喷嚏和咳嗽。这里有几个有关现在进行时此类用法的例句：

1. These days, I'm practicing piano.

这些天，我在练习弹钢琴。

2. She's studying English every day.

3. The staff are working hard to finish the project.
